Notes: ① The cruising range and charging time will be affected by other objective factors such as driving habits, natural environment, battery life, etc. The configuration table is for reference only. For the design and use safety of the vehicle, Rich Auto has the right to adjust the parameters and configuration content within the legal scope prescribed by law. The specific parameter configuration is subject to the actual sales vehicle. ② The driving assistance system is a driving assistance function and cannot cope with all traffic, weather and road conditions. The driver must always pay attention to the current traffic conditions and maintain active control of the vehicle at all times; please read all chapters about this function in the owner's manual to understand the limitations of this function. The driver should be aware of these limitations before using the function; please use it with caution in complex and changeable traffic conditions, slippery weather such as ice, snow and rain, water on the road or muddy roads, poor visibility, rugged mountain roads or highway entrances and exits. ③ "●" indicates standard configuration, "○" indicates optional functions, and "—" indicates no such configuration.
